5 POWERS MEET FOR CONFERENCE ON BIG PROBLEMS

Reparation and Disarming Of Germany Will Be Taken Up.

Long Pending Questions Of Grave Nature Will Be Settled.

Paris, Jan. 24.—Representatives of Great Britain, France, Italy, Belgium and Japan gathered here today for a conference which seemed second in importance only to that preceding the signing of the treaty of Versailles. The principal figures of the meetings were David Lloyd George, British prime minister and Aristid Briand, who last week assumed the post of president of the council of France.

About these men the negotiations of the conference are expected to revolve during the coming week, and it was decided that when the council will have finally adjourned the allied world will have setted questions long pending and long threatening serious complications, not only between ally and enemy countries, but between the governments which fought side by side against the central empires from 1914 to 1918.

The importance of these subjects rank as follows:

Reparation, disarmament of Germany, enforcement or alteration of the treaty with Turkey, relief for Austria and policies to be pursued in dealing with Russia. All of them were questions on which the different participant nations were more or less divided and the settlement of which was viewed with great concern.

Arrangements for the first session this morning contemplated discussion of German disarmament by allied military experts who are understood to have agreed on a program which will grant a short period of grace to Germany in which to execute the engagements she made at the Spa conference. These agreements call for demobilization and disarmament of armed forces under the surveillance of an inter-allied control commission and it was believed the conference would not be called upon to do more than to ratify the plans submitted by the experts, which should not require more than one sitting.

The program for today which of course, was but provisional, called for consideration of the subject of coal deliveries, the arrangement made between the allies and Germany at Spa expiring on Jan. 31. It was forecasted that the allies would endeavor to reach a new decision on the subject as rapidly as possible so that Germany might be notified before that date. This business once out of the way, the conference would be free to devote all its time and energies to the question of reparations, which was evidently the most important to come before the meeting and upon which much depended. M. Briand, it has been asserted, owed his selection as French premier to the fact that he was considered to be the man who could most clearly and convincingly plead the cause of France regarding reparations before the conference. The financial and economic position of France and the possible negotiations of loans in America were considered in the preparations made by the French cabinet to lay the claims of France before the allied governments.

German financial and economic experts may be summoned to this city before the conference has continued very long. The contention of Premier Lloyd George that the conference fix the amount of indemnity to be paid by Germany, which is opposed by Premier Briand, who holds that the amount of reparations be paid the allies should be determined only on the basis of what Germany can be compelled to pay, seemed to be of such a nature that expert German advice must be called upon for data. The discussion of the disarmament of German citizen guards, and the reduction of that nations armed forces to the limit fixed by the Versailles treaty, also appeared to require the submission of information on the exact situation, especially in Bavaria and in Prussia.

The situation that arose in Greece following the return of Constantine to Athens also seemed to have a direct bearing on the conference. It is no secret that France would not resist alteration of the treaty of Sevres, by which Turkey was shorn of sovereignty over Constantinople, the Dardenelles, Smyrna and its Hinterland and large sections of Syria. There has been a rumored desire on the part of the allies to deal directly with the turkish National government at Angora, that regime being dominant in Asia Minor at present, the Turkish Sultans power being a mere shadow of authority.

Appeals from the government of the Austrian Republic, reflecting a critical situation in Vienna, were ready today for submission to the allied represeatatives. Danger of an absolute governmental collapse in Austria, with its sequel of anarchy and Bolshevism, is realized in every allied capitol, and some means of granting assistance to Austria, it is believed, must be devised before the conference closes.

Resumption of trade relations with Russia by allied governments, which would entail a sort of conditional recognition o fthe Soviet regime on Moscow, appeared to be a topic which would be discussed seriously during the next week. In connection with this subject, the note sent by President Wilson to Paul Hymans, president of the assembly of the League of Nations on Saturday in which Mr. Wilson demanded that the allies assume a "hands off" attitude toward the Russian nation, appeared to be of prime importance.

"We understand and we know France's sufferings" the Echo de Paris quotes Premier Lloyd George as saying to Premier Briand during their talk at the station last evening.

"England would not understand if we did anything to injure your interests. We shall, then discuss with absolute sincerity and friendliness our viewpoints, and I am certain we shall reach an agreement as to what we shall have to do regarding Germany."

It was felt here this morning, that the conference would open under good auspices.

GOOSE RACE WITH GIRL DRIVERS IS FEATURE OF NEW YORK POULTRY SHOW

Quartet of pretty girls giving their web-footed coursers a try-out previous to the race of the poultry show.

A goose race, such as is common in European countries, will feature the coming poultry show at Madison Square Garden in New York city. Breeders throughout the country have been training their best running geese for the races. The photograph shows four of the pretty girls who will drive the geese in the coming races. They are, left to right, Miss Margie Himen, Miss Dorothy MacKail, Miss Olga Ziceva and Miss Mildred Mann.

RACE RIOT ENDS LIVES OF TWO

Negroes Shot To Death In North Carolina Town By Mob After Clash Between White and Blacks.

Warrenton, N. C., Jan. 24.—This little town, the scene last night of the lynching of two negroes by a mob of masked men and the source of wild rumors of clashes of impending clashes between armed blacks and whites was restored to quiet today. A company of home guards, ordered out last night by Governor Morrison, too late to prevent the double lynching, still was on duty and further trouble was not inticipated.

The lynching shortly after midnight was the culmination of several days of ill-feeling between negroes and whites of Norlina, which reached a climax early today in a pitched gun battle there in which five white men and three negroes were wounded. Thirteen negroes were arrested and brought to the jail at the county seat here. Last night the mob numbering about 150 surrounded the jail, quickly overpowered John Green, the negro jailer, under threat of death took Alfred Williams and Plummer Bullock, two of the prisoners a mile outside of town and riddled them with bullets as they stood by the roadside.

Bullock was said to have instigated the clash at Norlina, following a dispute with a grocery man over the purchase of 10 cents worth of apples. Williams was said to have become one of the leaders in that clash. The negroes it was charged, gathered at the Norlina railroad depot Sunday morning and opened fire on the whites. The mob in its invasion of the jail did not molest the other eleven prisoners.

When the mob gathered Sheriff R. F. Davis, who lives some distance out in the country was notified. He started to town, but was fired upon and stopped by masked men not far from the jail. The men explained they were guarding the jail from attack by would be lynchers and said they had fired thinking the sheriff one of the attackers. When Davis finally reached the jail, Williams and Bullock had been taken away.

During Sunday and last night there were rumors the negroes in this section were arming and preparing to attack and that whites had been fired at from ambush, but no serious clashes were reported other than that at Norlina.

Norlina and Warrenton are only a few miles apart.

With the imprisonment of the thirteen negroes brought here from Norlina and the subsequent lynching of two of them, the Warrenton negroes began to show signs of agitation. Five men who appeared to be leaders have been arrested. All manner of arms are said to have been found on them, including rifles, shotguns and pistols. Around some of the guns red bandana handkerchiefs are said to have been tied which local officers believe to be the badge of some secret order.

A jury was impanelled for an inquest over the two negroes lynched last night. The eleven negroes left in the jail will be taken to Raleigh or some other place for safe keeping, it is said.

SOUTHWORTH GOES TO BOSTON NATIONAL CLUB

Pittsburgh, Jan. 24.—Walter Maranville, shortstop of the Boston National league club, will come to Pittsburgh, according to announcement made here last night. Through a deal just closed, Outfielders Wm. Southworth and Fred Nicholson and Infielder Walter Barbare go to the Boston Nationals. The Boston team also received a cash consideration. Southworth lives in Columbus.

OHIO CAVALRY GETS HORSES.

Columbus, Jan. 24.—Adjutant General Florence received word Monday from the cavalry mount depot at Fort Robinson, Nebraska, that horses for troops H and I of the Ohio National Guard cavalry are being shipped to Ohio. H troop is at Cincinnati and troop I, at Akron.

B. & O. BORROWS MONEY.

Washington, Jan. 24.—The Baltimore and Ohio railroad company was authorized today by the interstate commerce commission to issue and pledge bonds aggregating $16,000,000 to secure its promissory note, payable to the director general of railroads for $9,000,000.

PROPOSE NEW CLUB OF BUSINESS MEN

A movement has ben started for the organization of a "City club" in Newark.

It is planned to have its function along the plan of the Athletic club of Columbus, having a permanent club house or rooms, where visitors in the city may be entertained by card, and where meals may be served.

The plan will be discused at a meeting to be held at the Country club, Thursday evening at 6:30 o'clock. Dinner will be served and a number of men have been invited to participate in the discussion. It is probable if the plans succeeds, that one of the larger down town homes may be secured and made in to a club.

LEWIS MEETS CADDOCK.

New York, Jan. 24.—Ed "Strangler" Lewis will defend his world's heavyweight catch as catch can wrestling title here tonight against Earl Caddock a former champion. Caddock lost the title last year to Joe Stecher who recently relinquished it to Lewis.

Caddock will probably weigh about 190 pounds and concede a score of pounds to the champion.

KEROSENE COSTS LIVES OF SIX

Father Pours Oil On Live Coals In Stove To Make Quick Fire—Entire Family Burns to Death.

Washington, C. H., Jan. 24.—With six members of his household burned to death in a fire which destroyed his home near here yesterday, James Adkins, a farm laborer was in a hospital here today so badly burned that he is not expected to recover.

The fire started when Adkins poured kerosene into a coal stove, intending to heat water for his sick baby. The ensuing explosion threw the burning contents of his two gallon oil can to all parts of the room in which his wife and baby had been sleeping. Three more children and Walter Bennett, 70, an uncle of Mrs. Adkins, occupied an upstairs room and none was able to escape.

After Adkins clothing had been almost entirely burned from his body he ran half a mile to a neighbor to summon help. When aid arrived, however, the house was a smoldering mass of ruins from which but small parts of the six bodies were recovered.

Adkins was still alive this morning, but growing weaker. During conscious moments he cried for death.

BURGLAR IS SHOT TO DEATH BY MERCHANT

New York, Jan. 24.—A revolver duel in which one man was killed and the shooting to death of a burglar were the latest additional to the renewed out break of crime in New York City early today.

Dominick Ponti, walked into the Oak street police station, with three bullet wounds in his back and said he had been shot by one of three men with whom he had quarrelled. He died soon afterwards. The men, Ponti told the police came upon him unerpected and one of them opened fire. Ponti fired three times but his bullets evidently did not reach their marks.

Paul Laudman, a Jamacia storekeeper aroused from sleep, by the sound of breaking glass, saw two men attempting to enter his store. He commanded them to throw up their hands but when they approached toward him he fired three shots, two of which struck and killed an unidentified man. His companion escaped.

HOTEL GUESTS DRIVEN OUT.

Cleveland, Jan. 24.—Forty guests in the St. Clair Hotel were routed from their beds and driven to the street, scantily attired, early today when fire broke out in a cigar store on the ground floor and spread through upper part of the building. One man was carried to safety by firemen when he was trapped in a third floor room. The property loss is estimated at $15,000.

BURGLARS TAKE TWO FUR COATS WORTH OVER $1100

Display Windows Of Two Department Stores Robbed Saturday.

Experts Did Job, Police Believe As Diamond Was Used.

The crime wave which has been raging in the larger cities for several months past, overflowed to Newark Saturday night. A series of crimes, including fur robberies, were reported to the police Sunday.

More than $1,100 worth of fur coats were stolen in two window burglaries, one at the J. J. Carroll store in Hudson avenue and the other at the W. H. Mazey store in Second street.

In both cases, police believe, experts worked on the jobs because both plate glass windows were cut with a diamond before being broken. In each case the opening through which the coats were taken were small. As far as the police have been able to learn, the work was done so efficiently that the falling glass was not heard by any one living in the vicinity.

A French seal coat, valued at $575, was stolen from the Carroll store. Neither the coat or the window glass were insured.

At the Mazey store a $550 Hudson seal coat was stolen. The coat and the window were both insured in this case.

Stories that Dupler's, Stephan's and other stores in town were also burglarized Saturday night are unfounded.

The home of Mr. and Mrs. A. O. Tinnen of 22 North street was entered sometime between 7 and 9 o'clock Saturday night by thieves who secured entrance by using a skeleton key on the back door.

Personal goods valued at $150 were stolen. These included a walrus handbag and contents, two umbrellas, a string of pearl beads, a raincoat, a man's hat and a bottle of wine. The entire house was ransacked but the silverware and other more cumbersome valuables were untouched.

EXPECT CLOSE VOTE ON BILL

Measure Providing For Federal Recognition of Packing Industry Comes Up In Senate Today.

Washington, Jan. 24.—A decision in the decade of congressional dispute over regulation of the meat packing industry was to be reached in the senate with final voting set for late today on the pending legislation.

Under an unanimous consent agreement reached several weeks ago, voting on the bill and amendments was to begin at 4 o'clock without discussion. At 2 o'clock debate was to be cut to five minutes for each senator. The senate met at 10 o'clock today, two hours earlier than usual, to extend time for discussion.

Advocates of the measure said the vote would be very close. Private polls taken by both sides showed a hair line division, it was reported, with senators listed as "doubtful" determining the fate of the legislation about which controversy has raged for ten years.

The bill up for disposal today is known as the Gronna bill having been reported by Senator Gronna, Republican, North Dakota, as a substitute for the Kenyon-Kendrick bill. The Gronna measure provides for federal reorganization of meat packers, stock yards, commission men and other agencies of the meat industry by a new government live stock commission of three members appointed by the President at $10,000 salaries.

Besides power to prescribe reorganizations for the industry, reviewable by the federal courts, the Gronna bill proposes a voluntary system of licensing packers instead of compulsory plan of the original Kenyon-Kendricks measure. The legislation has been advocated because, it was said, the supplying of meat to the public is clothed with a "public interest and advocates of the bill contended that the legislation was necessary because of the alleged monopolistic and unfair practices of the so-called "big five" packers. Opponents of the bill, however, declared that it was an unwarranted, unconstitutional and dangerous precedent in government control and interference with private business likely to be extended to other lines of industry.

Numerous amendments were before the senate today for disposition before the final vote. Senator Sterling, Republican, South Dakota, also had pending a substitute bill transferring powers of the proposed live stock commission to the federal trade commission.

If passed today by the senate, supporters of the bill hope for action by the house before the end of the present session.

GIRL PLACED UNDER STATE OBSERVATION

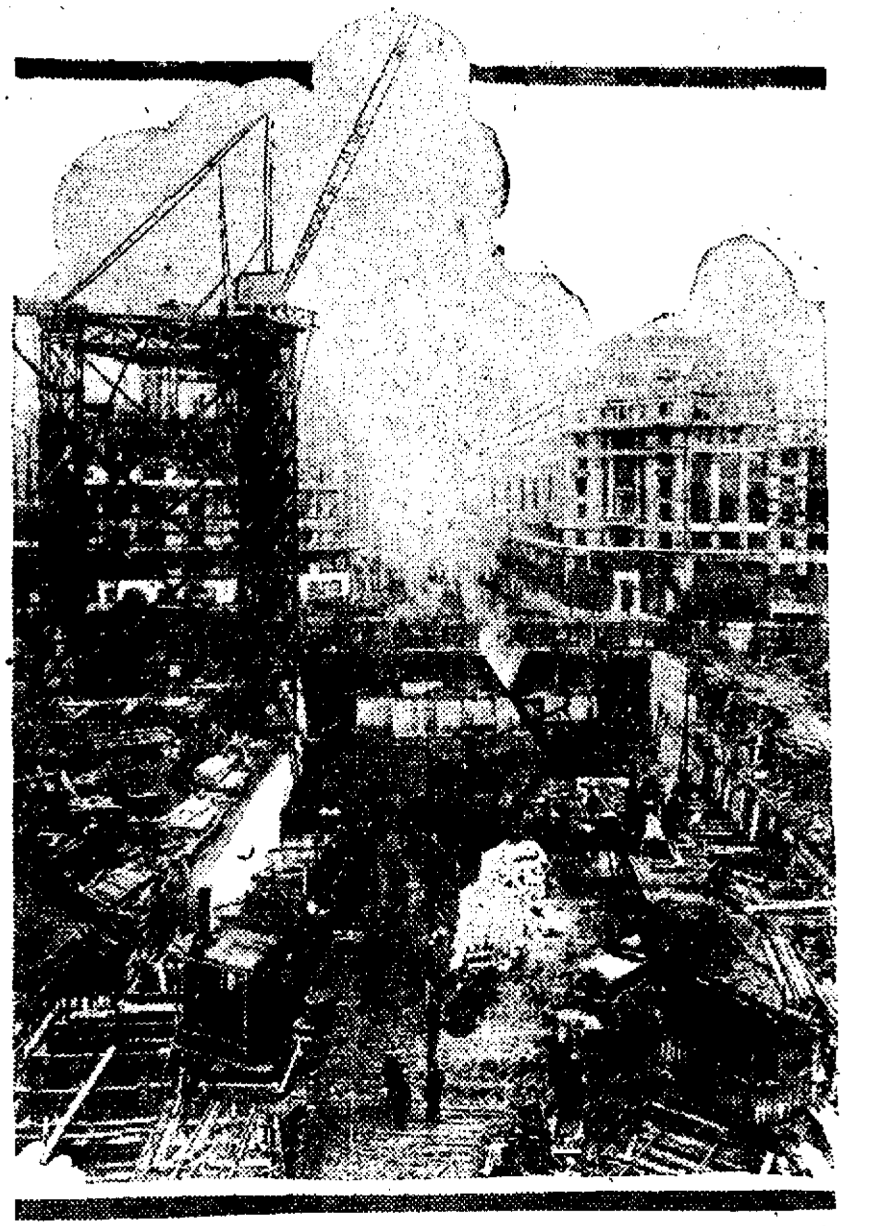
Letha Pearl Haynes, the 16 year old girl from Cat Run who is charged with shooting her step mother a week ago Saturday was taken to the Bureau of Juvenile Research this afternoon by Mrs. Mary Miller for several days investigation.

The case against the girl has been continued until February 1 in juvenile court to allow for the the recovery of Mrs. Haynes who is in the City Hospital.

BANTAMS MAKE WEIGHT.

Columbus, Jan. 24.—Eddie O'Dowd, Columbus bantamweight and Joe Colleti, of New York, whose 12 round bout is scheduled for tonight, both announced today that they had reached the required weight and were in good shape for their contest.

GREAT INTERNATIONAL SALES BUILDING COSTING $10,000,000 RISING IN LONDON



General view of the excavation looking up Kingsway and showing the huge derrick crane at the northwest corner—the largest crane Londoners have seen.

The Bush international sales building which, when completed will represent an investment of approximately $10,000,000, is under construction in the heart of London, known as Aldwych-Island-in-the-Strand. The new building will make available for British manufacturers the methods now applied in the Bush terminal sales building in New York, where nearly 1,000 merchandise manufacturers show and sell goods to buyers from all over the U. S. The building is being erected on a three-acre site.

SCHOOLS START TODAY ON EUROPEAN RELIEF

For two weeks beginning today a plea is being made to Newark school children to make some sacrifice and donate the money to the starving children of Europe.

In the public schools the grade children are asked to donate from 1 to 25 cents and no limit is placed on the amount the high school student may give. The donations will be taken following the announcement made by Superintendent O. J. Barnes.

DRY BILL TAKES SOLONS' INTEREST

Dry Senators Get Telegrams Opposing Search and Seizure Provision of Proposed Law.

Columbus, Jan. 24.—Interest in the legislature today centered around the Miller prohibition enforcement bill which is to come up for passage in the senate tomorrow. It was reported today that an amendment may be offered to modify the search and seizure clause in the bill by providing that the persons suspected of having contraband liquor in his private home might be summoned before a court for inquiry before a search warrant is issued.

Several senators representing dry districts are said to have received telegrams today from constituents opposing the search and seizure provisions of the Miller bill. Senator Miller, author of the bill, said he was prepared to fight for the passage of the bill as drafted when it comes up tomorrow.

Senator Rowe, Cleveland had a bill for introduction in the senate late today which would raise the maximum which county treasurers may put out in deposit from $1,000,000 to $5,000,000. At tax collection time, Rowe said county treasurers in many counties had large amounts of money on hand which could not be placed on deposit because of the present limitation in the law.

FIRES BREAK OUT AT SAME MOMENT

Two Buildings in Granville 30 Feet Apart Are Damaged By Midnight Blaze—Loss Several Thousand.

(Special to the Advocate)

Granville, Jan. 24.—Fire broke out in two places simultaneously in the O. C. Jones block last night at 11:50 turned out half of the village and the volunteer fire department to fight the flames. The fire was first discovered by Roe Morrow who in passing on the other sire of Broadway saw a glare in the A. A. Morris grocery store. Morrow sounded the alarm and men of the village including a large number of students responded.

The fire in the Morris grocery was in the rear of the building and when the fighters went around to the rear with their hose the J. E. Thompson warehouse which is in the rear of their store was also discovered ablaze.

The cause of the two fires which were started simultaneously has not been discovered. The buildings are separated by a distance of 30 feet and both fires started inside of the respective buildings, which are owned by O. C. Jones of Newark. Mr. Jones is in California at present spending the winter.

Someone alarmed at the spread of the fires called the Newark department, which responded with the pumper. The fire was practically out when the Newark apparatus arrived. The fire lasted about 50 minutes, most trouble being with the one in the warehouse as a large quantity of paints and oils which caught fire were stored there.

The damage to the Morris grocery is estimated at $1000 partially covered by insurance. Loss was mostly in the stock of goods stored in the rear of the store. Goods included flour, potatoes, brooms and various small stores.

The loss in the Thompson warehouse, where sash, paints, twine and other hardware materials were destroyed, amounts to $700 or $1,000, according to M. H. Baker, who has insurance on the building and contents. Total loss on the two buildings amounts to $2,000, making a total loss from the fire of $4,000.

BRIDGE ACCIDENT FOLLOWED BY SUIT

Suit for damages of $5000 against the county commissioners was filed in common pleas court this afternoon by Mrs. Zella Futon of Clinton street. Suit results from the automobile accident at the Log Pond Run bridge on Fourth street November 20 of last year.

The petition alleges that through the negligence of the county commissioners there was no guard rail at the run and that the car driven by Mrs. Maude S. Vernon "with carefulness and at a reasonable speed' by reason of that negligence went into the run. Personal injuries sustaned by Mrs. Fulton are claimed to be a fractured left leg, nervous shock, partial paralysis and internal injuries for which she seeks $5000 damages. The petition which names C. D. Lake et al. as defendants was filed by Attorneys Fitzgibbon, Montgomery and Black.

Fred Paul of Stanberry street was held up on East St. Clair street Saturday night about 7 o'clock by two masked men whom he declares fired a shot in the air as they stopped him. Paul was relieved of his pocketbook, which however contained no money and nothing of value to thieves.

SIX BODIES ARE RECOVERED FROM RUINS OF BLAST

Police Estimate Six To 15 Are Killed at Memphis, Tennessee.

Tank Car Explodes Razing Row Of Houses Nearby.

Memphis, Tenn., Jan. 24.—A complete check will be required to determine the casualties from an explosion of a car of gasoline here today. Latest estimates placed the number at from six to 15 dead and 40 injured, all negroes. The original estimate was 25 dead. Six bodies have been recovered from the row of burned dwellings.

The heavy explosion destroyed a row of frame dwellings at Front and Leony streets, shattered windows within a radius of 15 blocks and shook the entire north end of the city. A number of the inmates are missing.

A flying spark from the chisel of a workman caulking the car is supposed to have caused the explosion which occurred at Main street and Mill avenue, in the center of a densely populated part of the city and short distatnce from a gas plant endangered by the fire.

Twenty nearby frame houses were literally splintered by the force of the explosion and set afire, while windows within a radius of 15 blocks were broken. Two of the three negro workmen caulking the car were killed while the third escaped without injury.

Every ambulance in the city was rushed to the scene and volunteer rescue parties were formed to aid the police in removing the dead and injured.

The fire was checked before it spread beyound the dwellings in the immediate vicinity of the blast.

Three men were caulking the tank car and police and fire department officials attributed the blast to a chance spark from a chisel which fell into the gasoline when another workman removed the cap from the top of the tank. Two of the workers were torn to bits while the third escaped practically unscathed.

The detonation of the explosion was heard throughout the city and the thousands who flocked to the scene added to the confusion and made difficult the work of the police and volunteer rescue parties.

One of the injured brought to the general hospital was an unidentified negro boy who fell into a nearby bayou with both legs broken after being hurled through the air by the force of the explosion.

An hour after the first explosion a second tank car blew off its top and sent the crowds scurrying to shelter. Beyond wrecking the car this blast caused only small damage.

AUDIT REVEALS SCHWAB VOUCHER

Accountant Tells Senate Committee He Discovered Paper Which Is Alleged To Cover Expense Of Shipping Board Member.

New York, Jan. 24.—Perely Morse, whose accounting firm audited the books of the Bethlehem Ship Building company, today appeared before the Walsh committee investigating affairs of the United States shipping board, and corroborated testimony of Colonel E. H. Abadi, former general comptroller, concerning discovery of a voucher for $260,000 alleged to cover personal expenses of Charles M. Schwab from October, 1918.

Mr. Morse said he told Colonel Abadie, under whose direction the audit was carried out, of the discovery of the voucher by one of his accountants and of the existence of other vouchers. One of these was for $18,000 paid to Paul D. Cravath, attorney for the Bethlehem company, and was charged to overhead, he said.

While Morse said he had not seen the voucher, it was reported to him by one of his men and he mentioned it to Colonel Abadie after the audit had been called off by Chairman Payne. The information given by his accountant, he declared, was that the voucher was in the office of the Bethlehem corporation and on their books on February 18, 1918.

The voucher, he told the committee, was entered in the trial balance which his auditors made, under the heading of "administration and expense in general."

Mention of the voucher was made to Colonel Abadie, Mr. Morse explained, in connection with other things, which included the voucher of $18,000 to Mr. Cravath. This charge, he said, was for attorney's fees.

Questioned concerning the $260,000 voucher he said the number of it was 699. A memorandum was attached to the voucher, showing that $100,000 was to be charged to ship construction, he said.

HUNT MURDER SUSPECT.

Cleveland, Jan. 24.—Cleveland police today were searching for two former residents who are suspected in connection with the murder of one man, the probable fatal wounding of another and the less seriously wounding of two others at a christening party at Painesville shortly before midnight. The dead man was Andrew Fontano. Frank [illegible]enza is said to be fatally wounded. The wounded men say they recognized the two men who called them from the house and did the shooting.

CASE IS RESUMED.

Cleveland, Jan. 24.—Taking of testimony in the trial of City Detective Charles Gallagher, charged with the murder of Andrew Leboin, cafe proprietor, last July was resumed this morning. Assistant county prosecutor Cassidy said he expected to close the states case before court adjourns this afternoon.

WHOOPING COUGH TAKES BIG TOLL

Health Commissioner Tells Parents Not to Expose Needlessly For This Malady Tells of Danger.

"While it is a fact that in spite of any precautions, almost all children will contract whooping-cough during some period of their childhood, it is not in my opinion ever justifiable to allow a child to become exposed to whooping cough if it can be avoided," declared Dr. W. H. Morgan, health commissioner today in discussing this child malady.

"The parents who carelessly or recklessly allows a child to be exposed to whooping-cough is guilty of an act which, by all rules of morality should be classed as criminal," he contended.

"Considering the appalling mortality of whooping-cough one can hardly understand the indifference toward that disease displayed by a large part of the population. The only plausible explanation is general ignorance of the facts of the case.

"The health department, therefore, deems it one of its important duties to place squarely before the parents the fact, that in Ohio more than 5000 of the little ones under their care have died of whooping-cough in the past 10 years.

"Whooping-cough fatalities in older children are negligible but among infants the disease stands out as one of our most serious menaces. It is particularly important to protect children during the first few years of life for it is at this age that the tendency to broncho-pneumonia is greatest [illegible] guard every child against whooping cough as thoroughly and for as long a period as possible and the infant mortality will be appreciably reduced."

Three-Cornered Fight Is On For Leadership of New Government.

In the opinion of observers in Peking, however, the effort in the south is eclipsed in interest by the alleged three-cornered fight for domination between General Chang Tso-lin in Mukden, General Tsao Kun in Paotingfu and the president in Peking. A great deal of "jockeying" has been going on between the two military factors, and [illegible] alleged that the Urga re[illegible] has been staged by Chang Tso-[illegible] in order to furnish an excuse to [illegible] troops there [illegible] position. There are persistent rumors, which are as persistently denied in official quarters, that a cabinet reorganization is pending and that the next cabinet will be more subservient to Chang Tso-lin.

LENINE'S PLAN IS OPPOSED

Determined Minorities Are Found In Countries Accepting Conditions.

American Socialists Retain Right To Form Own Policies.

New York, Jan. 24. Nicolai Lenine's ultimatum to the socialists of the world giving them the "21 conditions" to which they must subscribe before they can be received into the Third or Communist Internationale of Moscow, has met with a widespread, if in many cases negative, response. It indicates a decided split in the ranks of the Socialist party in many countries judging by reports from abroad.

In the 15 nations where such opinions have been expressed, four have been unqualifiedly against entering the Third Internationale, one is undecided, three are divided and seven in favor are opposed by determined minorities.

Lenine demanded among other things, that Socialist organizations must purge themselves of all moderates, defy all national laws, undermine armies, gain control of the press, throw off the allied "yoke," promote a world economic crisis, condemn any league of nations, aid the soviet government and abandon for the blood and fire of "red revolution" all conservative social democratic programs.

Action on the Bolshevik dictator's terms has been taken as follows:

United States—National executive committee of Socialist party in refusing to recommend affiliation said: "We concede to the Russian comrades the right to formulate their own internal policies without interference from any other section of the working class movement of the world. What we concede to them we claim for ourselves. Every resolution adopted by our party makes or claims this right for the American movement."

England—Leaders of the British Labor Party and Trades Union Congress in appeal to socialist and communist parties of world urged efforts to reconstruct the Internationale on a non-sectional basis."

Italy—Executive committee of Italian socialist party voted to adhere to Internationale's principles and appealed to Lenine for aid but he warned them they must first eliminate the reformist or conservative element.

Germany—Independent socialists, at a conference in Halle in October voted to adhere to the Third Internationale program, the vote being 237 to 156. Great disorder marked the session and a number of delegates bolted the conference. A month previously Independent socialists at a convention in Berlin went on record against bolshevism.

France—Socialists split into three factions following convention at Tours on December 29 at which a motion by the Left Wing to join the Third Internationale without reservations received [illegible]265 votes, winning by a large majority. The Center and Right groups oppose the elimination of conservative leaders.

Spain—Socialist congress voted in favor of the Bolshevist program last June but no definite action was taken until September when Marcelino Domingo and his followers pledged adherence to Lenine and his rule of the proletariat.

Switzerland—Executive committee of the Swiss Socialist party refused allegiance to the Lenine program. The party approved the committee's stand but a split followed over the question of joining the Third Internationale.

Chile—A Socialist party referendum resulted in a majority of socialists registering their approval of the Moscow dictatorship but a small minority opposes adherence to Lenine.

Argentina—Delegates to the National Socialist convention on January 10, by a vote in the ratio of three to one, rejected a proposal to accept Lenine's terms and decided not to send envoys to Russia to study sovietism.

Sweden—Extreme socialists and laborites favor world revolution. Independent socialists in 1919 voted to join the third Internationale.

Norway—Resolutions advocating creation of a revolutionary regime based on the soviet system were passed at the last socialist congress. Scandinavian Workers' Congress in session at Copenhagen, however, by a vote of 255 to 15, rejected the Norwegian socialist proposal to enter the Moscow Internationale and denounced what it characterized as Lenine's "barbaric terrorist regime."

Holland—Dutch socialists in conference on October 27 decided to defer action on the Lenine ultimatum.

Belgium—Socialists rejected the overtures of Third Internationale eladers and declared their purpose of preserving independence of action.

Austria—Extreme socialists after accepting membership in the Third Internationale broke off relations with Moscow on November 8, the Social Democrats passing resolutions condemning the Lenine-Trotzky regime as designed to "disrupt trade unionism."

Mexico—"Communist congress of the Mexican proletaria" in Mexico City on September 19 ended in disorder when plans were started for the organization of the Fourth Internationale. Bolshevism previously had been indorsed by some of the speakers. Radicalism reported spreading in Yucatan where property of opponents of Bolhsevism has been dynamited.

The Baltic States went on record against sovietism when the Social Democratic Congress at Riga on December 18-20 rejected adherence to the Moscow program by a large majority. While the socialists of Strasburg voted adherence to Lenine, the French Agricultural Federation announced it would expel all those who pledged allegiance to him.

No official expression of opinion on the Lenine ultimatum has so far been made by socialist or communist bodies in the following countries: Canada, Australia, New Zealand, Portugal, China, Japan, Colombia, Venezuela or Peru.

NEW ZEALAND PLANS AIRPLANE MAIL ROUTE

New York, Jan. 24—New Zealand will soon inaugurate an airplane mail service modeled after that in use by the United States Postoffice Department, according to J. B. Murphy, of Timaron, New Zealand, who came here to see demonstrations of various aircraft. The company with which he is connected has signed a contract to carrying the aerial mails in New Zealand, added Mr. Murphy.

Sightseeing over Mount Cook in airplane also is contemplated, Mr. Murphy said. Mount Cook is a major objective point for tourists in that country.

NORTH AND SOUTH CHINA ARE UNABLE TO AGREE

Shanghai, Jan. 24.—While formal announcements were issued early in the fall from militarists in southern China and from Peking that the long-standing differences of the north and south were being adjusted and that restoration of internal peace was at hand, action taken soon afterward by the group that organized the original southern government more than three years ago seems to set at naught the Peking peace pronouncement.

This southern group is headed by Dr. Sun Yat Sen, former president, Tang Shao-yi, former premier, and Dr. Wu Ting-fang and the move they made was to shift from Shanghai back to Canton and announce that the Canton government, or the constitutionalist government, would be reorganized.

Dr. Sun Yat Sen and Tang Shao-yi have been residing in Shanghai for some time. Wu Ting-fang with a big following of members of the former southern parliament came north to Shanghai and joined them several months ago when the Canton government split and dissolved.

It was with the faction that was left behind in Canton that Peking concluded peace arrangements. That faction, however, has suffered defeat and rout at the hands of leaders of the south who had remained loyal to the constitutionalists. This defeat [illegible] the way back to Canton open to the southern group in Shanghai and it answered Peking's announcement by the move it made.

When Peking declared to the world that reunification in China was to be effected by means of a "reconstruction conference" the southern leaders who were then in Shanghai dissented. They charged that the north was not sincere in its desire for peace and contended that reopening of the peace conference at Shanghai, the peace conference that ended abruptly about two years ago when Peking rejected terms the southerners demanded would be the only means by which strife within the country could be brought to an end. When Peking showed no disposition to follow this course the move to Canton was made.

It has since been reported in Shanghai that the provinces of Chekiang, Fukien and Shensi would be turned to the cause of the newly formed Canton government. This and other adhesions, it was said, would give to the new Canton government the support of at least six of China's wealthiest provinces, or more than enough to make it a formidable belligerent against Peking.

The southern group that went from Shanghai to Canton wasted no time in carrying out their purpose, for it was within a few days of their arrival that the formation of a cabinet was announced. It is composed of the following: Chief of general staff, Hsu Shao-chang, army, Hsu Chines[illegible], navy, Tang Ting-kwang, foreign affairs, Dr. Wu Ting-fang, finance, Tang Shao-yi, justice, Hsu Chien, home affairs (acting), Yeh Hsia-cheng (vice chief), chief secretary, Hu Han-ming.

SEIZED LIQUOR IS BIG PROBLEM

Michigan Drug Commissioner Has 100,000 Quarts On Hand.

Lansing, Mich., Jan. 24.—Two hundred barrels of alcohol, more than 100,000 quarts of bottled in bond whiskey, gin, cordials and other liquors stored away by the state constitute a problem for Fred L. Woodworth, state food and drug commissioner.

The intoxicants have been seized by state authorities since Michigan became dry May 1, 1918. The more than 100,000 bottles are piled like cordwood in the basement of a building here and about them are grouped the 200 barrels of alcohol. The basement where the state liquor store is kept is harder to break into than Jackson prison is to break out of. There are bars over the cellar windows and great locks on the doors.

More than 200 different kinds of whiskey are represented in the 100,000 or more quart bottles piled about the cellar.

About 20 stills also, ranging in size from the kind that are lifted by means of derricks to those that may be carried easily by one man, are received at the building and stored away in the dark recesses of the basement.

Mr. Woodworth has a collection of ingenious articles used by bootleggers to smuggle whiskey from one city to another large enough to start a small museum. There are about 400 hot water bottles, a violin case concealing a tank to carry a gallon, milk cans with compartments for milk and other compartments for whiskey, and dozens of other articles that in their time served the purposes of whiskey smugglers.

Mr. Woodworth has asked the internal revenue officials at Washington to sell the confiscated whiskey to private firms that use liquor for medicinal purposes, the proceeds to be turned into state channels.

SCOUT TROOPS CLASH THURSDAY

Zanesville Comes to Newark To Compete With Newark Troop For Supremacy In Scout Work.

Troop 1, Boy Scouts of America, under the leadership of A. J. Gilbert, has accepted a challenge from Troop 1, of Zanesville, under the leadership of H. L. Hadley, for an indoor meet and arrangements have been made to hold this meet on Thursday evening at the Elks hall. At the fall field meet at Zanesville, Troop 1 of Newark scored highest of any troop in Newark and Troop 1 of Zanesville scored the highest of any of the Zanesville troops. Not acknowledging defeat, they have come back at the local boys for another chance, which will be given them on Thursday evening. There is no admission charged. Parents and friends of the boys have been invited to attend this meet and pull for the Newark boys and see something of scout work.

$1200 DEBT GROWS TO $2900 IN 20 YEARS

H. S. Fleek through his attorneys Norpell and Norpell filed suit in common pleas court Saturday against Elizabeth Holmes et al to recover the sum of $2937.67, claimed to be due on an account, judgement on which was rendered against J. P. Holmes back in 1899. The judgement recovered at that time was $1287. The petition admits that $168.15 was paid on that account but that the remainder is unpaid.

The suit was re-opened in court in 1912 and a new judgement of $1950 was allowed by the court, the new amount including the interest of the debt. Interest on the $1950 from August 13, 1912 now makes the sum due $2937.67 and judgement in that amount is sought.

DEATH COMES SUDDENLY TO JOHN KENNEDY, SR.

John Kennedy, Sr., aged 66 years died this morning at 6:40 o'clock at his home 430 Central avenue. Mr. Kennedy had been ailing for the past two weeks with neuralgia which seemed to effect his entire body and on Wednesday he had nine teeth extracted and seemed much benefited by the operation. On Sunday night he was better, and his death this morning was unexepeted.

Mr. Kennedy was born in Falmouth, Kentucky in 1854 and was the son of John Kennedy. He came to Newark from West Virginia 24 years ago, and had been employed at the Heisey company for 18 years. He was a member of St. Francis de Sales church.

Surviving are his widow, three sons and two daughters: Martin Kennedy of Cleveland, John Kennedy of Pearl street, Maurice, Geneieve and Thresa of the home. Five brothers and one sister living in West Virginia survive.

Funeral arrangements have not been completed.

PETE, HERE'S WORD FROM THE WOODS!

Certainly slipped on not tipping you that Mr. Bacon invited me to join his shooting party up here. Arrived at his Northeast Carry camp at sunset yesterday. And a riot started before we squared up to the venison steak! Listen, old bull pup—my tale's short!

Bleak Nixon, chief guide, while unpacking, made the terrible discovery that *all* the Camel cigarette supplies had been swiped in transit! Never heard such a howl as the whole outfit set up! Nixon swore in Indian-plus-Canuck! Just wouldn't be pacified! Bleak's been rooting for Camels since November, 1915. Says there never was such smoothness, or refreshing flavor, or mild body in a cigarette as Camels provide! (Pete, Bleak is O. K. on that). While the row was on what does Nixon do but hop into his canoe and disappear into the depths of the dark, dank night!

About three this morning there was a roar such as no man ever heard in the wild woods! It was Nixon yelling like a double-decked bull moose! That bird had crossed the lake, picked up a trail and beat it to a little way-back store where he got the boss out of bed and made him come across with all the Camels he had. The storekeeper kicked like a handfull of aces—but, Bleak always gets what he goes after! It's the nerve, old tooth! And, now we're all filled with the milk of human kindness and Camel contentment! *We'll get game!*

Peter, think of digging up a bunch of Camels in the depth of Maine's densest woods! And, that's the way it is all over the U. S. A.! You're never out of luck when you smoke Camels! Peter, old hub, I've spoke—as the cook puts it!

Back in New York—well,—soon!
Your old pal
Shorty.

"EMPTY ARMS" PLAYS AT GRAND MONDAY

"In my experience in stage and screen work, I have encountered many unusual types of women," says Gail Kane, the star of "Empty Arms" and many other screen and stage successes. "The theme of my newest film vehicle recalls to my mind some of the remarkable fears which have been expressed by women. This film, as you know, is a story of maternity, and depicts the fears of women of refinement for, what seems to them, the destructive monster of child-birth. Of course, the actress, and the woman in any public walk of life, has a certain excuse for fearing the ordeal of maternity, because it deprives her of her means of livlihood. I have known some dancers and other stage folk who have prayed each day that they might be spared. On the other hand, you know how such brilliant women of the stage as Sarah Bernhardt, Ethel Barrymore, Schumaan-Heink and Alma Gluck, have given up seasons of important engagements that they might be permitted to enjoy the privilege of maternity."

"Empty Arms" opens a three day engagement at the Grand today.

SITUATION IN OHIO.

Although the party platform on which Gov. Harry L. Davis and members of the controlling party in the General Assembly elected promised stringent economy and progressive legislation there has not developed as yet a single indication that either is to be a part of the Republican program. This is the claim made today by observers in the state capital.

They sum up the situation in this way:

Practically every measure introduced thus far has to do with increasing expenditures.

Not a single measure has a semblance of economy connected with it. None bears any earmarks of a progressive nature.

Reaction is idelibly stamped on every party measure thus far.

Partisanship is running wild in the state house. Governor Davis has set the example and the legislature is following suit.

More attention is being paid to politics and spoils than to constructive efforts in behalf of a state that is suffering today because a partisan legislature during the past two years failed to put aside politics for real performance.

Reaction rears its head in the measure to abolish the non-partisan judiciary system. With most court houses in Ohio fillled with Republicans after the landslide, partisan spirit exerts itself to extend the terms of county officials from two years to four. This is proposed to keep in office a host of Republican officials.

Bills raising the salaries of county officials have official sanction. Junketing trips over the state at the state's expense are being railroaded through.

Gov. Davis is back of a bill to allow the huge sum of $25,000 a year for the governor's manison.

This is denounced by Democrats not only as a treasury raid but as absolute proof that economy has been put into the discard.

It is pointed out that Gov. Davis spent over $40,000 for his nomination and the sum was increased to assist in his election.

It is evident, observers say, that the present legislature will follow the lead of its Republican predecessor and "pass the buck" on taxation legislation by permitting voters to authorize increases in tax rates on real property. If this is done tax rates will go skyward again. Renters of city property will find their burdens increased. Democratic protests are unavailing as thre are but 12 Democrats in the house and but one in the senate.

EUROPE'S STARVING CHILDREN.

Child-feeding in Vienna and the Austrian provinces, financed by the European Relief Council, is saving the lives of thousands of boys and girls. Since the feeding began, more than a year ago, great improvement has been observed in the appearance of the children. They are now bright eyed, and fat cheeked, and clothed sufficiently to come to the station for their daily ration. School attendance has increased 25 per cent.

These are the statements of Dr. Pirquet, who is the medical expert in charge of the Austrian capital. He says that 300,000 boys and girls are being fed in Austria. This is about one-third of the number needing supplementary feedings, which represents three-quarters of the child-population of the country.

The daily ration, supplied at the Relief Kitchens, is supposed to be supplementary to the meals received in the homes of the children. This fact is explained to all the children at the stations, said Dr. Pirquet, but for many of the children this daily ration is their only feed. This is true of 7 per cent of the children in the poorer homes of Vienna.

In this district of Litchenthal, it is said, many children are living naked, in sunless smoky rooms. Their lives are endangered by the odors of the cellar, which they breath constantly, and they always endure the pangs of hunger. In Thurgasses and Salzegasse, many children suffer the effects of bad housing, bad ventilation, and lack of food. Entire families huddle in misery—children of 17 years who look no more than 12, discharged soldiers without hope for the future, and women with babies who used to dwell in homes of comfort.

Herbert Hoover, Chairman of the European Relief Council, is asking the American people to save the lives of these helpless babies and boys and girls of Eastern and Central Europe. Eight large relief organizations have combined in the movement to raise $33,000,0000 to save the lives of 3,500,000 children between now and the next harvest. Ten dollars will provide food, clothing and medical service for one child. Each American home is asked to entertain at least one "invisible Guest" at its table. Checks may be sent to Ohio headquarters 243 North High street, Columbus.

GOOD ROADS MONEY.

Highway construction projects totalling $660,000,000 are to be taken up by the several states this season, according to Hearsts's magazine. The total of projects for the next five years is said to reach $3,000,000,000. This liberal expenditure shows a progressive and farsighted spirit.

When such large sums are to be spent, many people look for personal profit in it. Personal and political pulls will be worked to get slices of this money. The way a lot of the war funds went. Shows how the vultures gather round.

State highway departments are usually in the hands of technical men, who do not look at public work as a political proposition. They will find that with this money to spend, they will have lots of friends who want to get next to them. It will take all their ability to keep the thing on a strict business basis.

If they had the thing to do over again, the profiteers might possibly conclude that it would be a business proposition to leave a little money in the pockets of the people.

One hundred per cent Americans are not reported to be bragging any about the liberty bonds of their government being worth only 85 per cent.

So far no one has suggested that $33,000,000 for the starving children of Europe should be raised by selling 75 cent suppers for 25 cents.

Some people's notion of packing up your troubles in your old kit bag, is to smuggle a supply of hooch into the house in a suit case.

The scientists have measured the big star Beteguese, but so far no one has been able to tell how it should be pronounced.

Under the Soviet system it would not be proper for people to use their brains, as they might get work out of somebody.

Father's Gift.

Father is no longer trusted to wander through strange and unfamiliar fields in search of Christmas presents but is taken capably in hand, being asked only to foot the bills and attach "With love from Father" cards. A member of this class who had been competently rescued from his archaic notions was asked what he gave his daughter for Christmas. He reflected a moment and then said somewhat hesitantly that he thought it was pettifoggers.

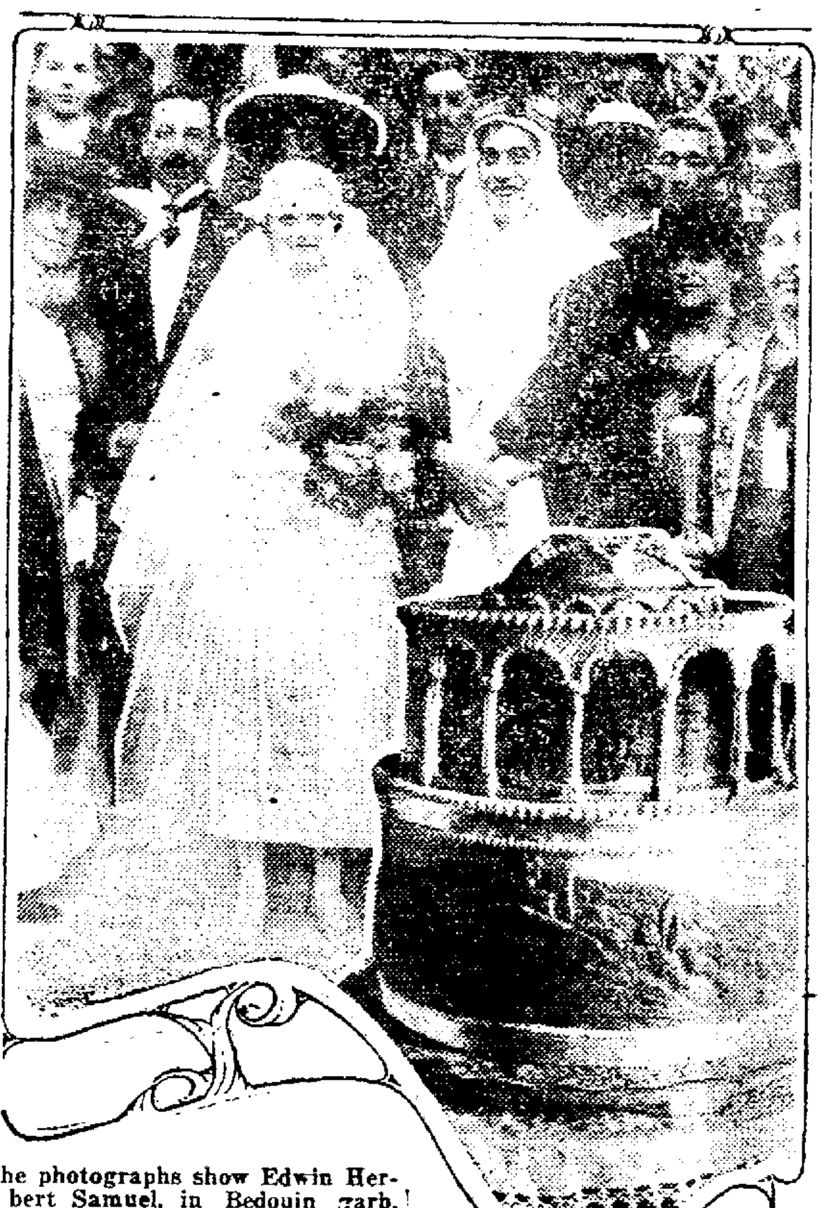
That the word "dun" had its origin in the name of a famous bailiff of England in the time of Henry VII? This bailiff whose name was Joe Dun, was so successful in his collections that his name became proverbial. And on occasions when a refractory debtor refused to pay, his creditor was advised to "Dun" him.

SON OF ENGLISH OFFICIAL HAS UNUSUAL WEDDING CEREMONY IN THE HOLY LAND



The photographs show Edwin Herbert Samuel, in Bedouin garb, with his bride. In the background is Sir Herbert and Lady Samuel and Miss Samuel. The insert shows the huge wedding cake ,weighing eighty pounds, which was presented to the couple by the American colony of Jerusalem.

The wedding of Edwin Herbert Samuel, son of Sir Herbert Samuel, British high commissioner to Jerusalem, was held with picturesque ceremony in the government house at Jerusalem. He married Miss Hadassa Grasovsky of Jaffa. A marriage booth was erected in the center of the great assembly hall, in which were gathered 909 guests. British troops presented arms when the bridal party, headed by Sir Herbert Samuel, entered to the strains of the national anthem. Grand rabbis of Jerusalem, Jaffa and Salonica officiated. Bedouin chiefs seized the groom immediately after the ceremony and clothed him in Bedoin costume, girding on a Damascus silver sheathed sword. This photo was taken while in this garb. The marvelous wedding cake, which was given to the bridal couple by the American colony of Jerusalem, depicted scenes showing the sites of deciding fights waged by Gen. Allenby for the possession of the Holy City. The cake weighed eighty pounds.

NEW BERRY MAY BECOME POPULAR

Fruit Discovered In Unexplored Forest of Colombia May Revolutionize Small Fruit Industry in United States.

Washington, Jan. 25.—Predictions that the Colombian berry, discovered in a hitherto unexplored forest region of the South American republic for which it was named, would revolutionize the American berry industry in the same way that the navel orange, also of South American origin, marked an epoch in the history of citrus growing, are made by officials of the department of agriculture.

Extensive experiments with the giant blackberry, described by explorers of the agriculture department as four times the size of the American variety, have been begun by the division of foreign seed and plant introduction, which plans to distribute the new discovery to farmers after determining in what climates it will grow best.

In a report to officials here, Wilson Popence, an agricultural explorer who was sent to Colombia to investigate the discovery of the new berry by Dr. Frank M. Chapman of the American Museum of Natural History, declared that only the extreme isolation of the region where the giants grows in profusion could account for the fact that it had not long since been given to the horticultural world. Plants and seeds thus far introduced to this country were brought by Mr. Popence from El Penon, between Sibate and Fusagasuga, in the department of Cundinamarca, where the plant is said to be found in greatest abundance.

As yet experimenters are uncertain whether the berry can be transplanted to this country without loss of some of its native characteristics, because of the peculiar climate of the region where it was found.

While the plant grows in Colombia at an elevation of [illegible] or more feet, it is said to be probable that it would survive at similar elevations here or in the mountainous regions of lower South America. The climate of the Colombian mountains is tempered by their nearness to the equator.

Attempts to cultivate the new berry in North America are expected to be most successful in the southern and western states and also along the Pacific coast.

PORTUGUESE CARDINAL DIES IN MONASTERY

Lisbon, Jan. 24.—Information has been received here of the death of Cardinal Jose Sebastiao Netto, formerly patriarch of Lisbon, who died in one of the Franciscan monasteries of Spain where he retired after the revolution in 1910. He received the cardinal's cap from the hands of King Louis I of Portugal in [illegible]. Previously he was Bishop of Angola and the Congo, where he was a missionary.

After the Portuguese republic abolished religious congregations in Portugal, Cardinal Netto left the country with all the other congregationalists and retired to a convent in Spain. He was 80 years old.

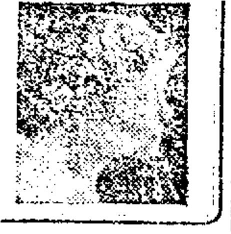
BORROWED HUSBANDS

By MILDRED K. BARBOUR



XIII.—Dinner Alone

Nancy was too angry to cry herself to sleep the night Burrard left for Peru. She felt none of the loneliness and sadness that had marked the hours after their first farewell.

"I wish I hadn't come!" she told herself bitterly.

But in her heart she was just a little thankful that affairs had turned out as they had. Now she would have no regret because of Gerry's absence; rather she would feel a certain grateful relief.

She was free.

Standing at the window overlooking the boulevard and the lake she felt like some traveler embarking upon a journey into far countries without map or guide or definite destination.

She was the plaything of destiny!

She stretched out her arms into the darkness, the immemmorial gesture of woman inviting the caprices of the gods of chance.

Yes, she was free! She believed that she would always wish to be free hereafter.

Gerry—

She shrugged her shapely bare shoulders and sailed out into the night where the golden lights beckoned with their promise of life and gayety.

Turning from the window, she glimpsed the woman in the pier glass across the room.

She was startled by her own beauty. The slim curved figure sheathed in glittering jet, the white shoulders rising from the jewel-encrusted bodice, the sheen of her hair, and the face that had more than mere beauty, startled her with the sense of her own power.

During three years of marriage, her world had revolved around her husband, sometimes reluctantly, but none the less completely. Life, before she had known Gerry, faded into a past too remote for clear recollection. Life to come had been a vague dream where Gerry alone was real, where his presence dominated everything.

But now all was changed. It seemed almost as though a giant hand had wiped across the page of her life and obliterated the last three years.

She was standing once more on the threshold of life, a little shy, a little afraid, wholly eager.

It was a dangerous moment for a young and beautiful woman.

But back of the physical loveliness, the allure, of Nancy Burrard, was a sweetness as fragrant as a flower; a candor that showed in her clear eyes, and sense of humor which was forever curbing her mouth with laughter.

Given these three qualities, she was as safe as if she walked behind the walls of the cloister.

Dismissing her chaotic thoughts with a gesture, she went into her bedroom and touched powder to her nose and chin. Then she went down to dinner alone.

She crossed the lobby, conscious of the glances of the idlers who lounged there listening to the music.

At the dining-room doorway she paused involuntarily, waiting for the inevitable escort who would treat with the head waiter.

When that dignitary said" One, madame?" she almost forgot to nod and to follow him—without the protective hand at her elbow.

It was curious too to scan the menu card through its intolerable "relishes, soups, fish, game, roasts, etc.," without a voice pleasantly suggesting:

"Bluepoints, Nancy, or an iced melon, perhaps. What do you say to a filet mignon?" . . . .

She made a leisurely meal, conscious of close scrutiny from a group of men at the adjoining table, who over their coffee, began audibly to lament their loneliness.

"Do you fellows know a soul in Chicago?" asked one. "I don't. Tell you what I'd like to do tonight. I'd like to go to a show and to dance somewhere afterwards. Don't you know any girls we could call up?"

The others sadly admitted that they didn't, looking shyly toward Nancy, who smiled to herself over her demitasse.

They left the dining-room first, but when she passed through the lounge on her way to the elevators, they were seated near the door, and looked up alertly.

Nancy felt a sudden longing for a nice Tuxedoed arm on which to rest her hand possessively. How quickly such an action would have banished the boldness from their eyes.

Still, no woman is averse to masculine glances. Whatever their tenor the eternal vanity of Eve is not critical.

Nancy smiled again to herself as the elevator carried her upward.

Life without a husband was going to prove amusing at any rate.

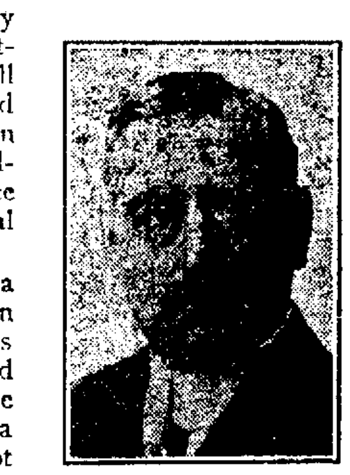
LITTLE TALKS ON THRIFT

by S. W. STRAUS, *President American Society for Thrift.*

The month of January marks the anniversary of the birth of Benjamin Franklin.

It would be to the tremendous advantage of this nation if we allowed this occasion to serve as a reminder of our need of the more general practices of thrift.

A very great part of the present disturbing factors in business in this country would be eliminated if we could all see as clearly as did Benjamin Franklin the need of frugality and prudence in our personal habits.



He exerted a deep influence on contemporaneous American life, and it is unfortunate that the America of today does not show the same willingness to follow the Franklin creed.

It would be time well employed if each of us spent five minutes a day in reading "Poor Richard," for there is the wisdom of the ages in his short, crisp maxims.

In studying the life of Franklin one is amazed at the huge bulk of his accomplishments. He excelled as a statesman, scientist and business man, while his literary work alone was of sufficient merit to give him an immortal place on the pages of fame.

The fundamental secret of Franklin's greatness was thrift.

He had a particular appreciation of the thrift of time. Idleness and indolence were vices that he could not condone.

It has been more than 100 years since the passing of this great American, yet his teachings are as timely and as appropriate to the life of each of us now as they were when he lived.

There are countless lessons to be learned from Benjamin Franklin, but perhaps the one which came nearest to the complete embodiment of his philosophy of success was the importance of little things. He realized that each fleeting moment brought possibilities and opportunities, which, if neglected, were gone forever, and, in the same way, he realized that money or other resources which were wasted could never be recovered. Therefore, it fell within the scope of his creed that nothing was so insignificant that it could be wasted, and that no measure of time was so short that it should not be put to good purpose.

What a splendid thing for the economic and industrial life of this country if we could get considerably more of the logic and practices of old Benjamin Franklin into our daily lives!

Quit Cathartics—Internal Baths Relieved Permanently

Mr. Joseph A. Weis, Hotel Vendome, Washington, D. C., writes Tyrrell's Hygienic Institute of New York as follows:

"On the 15th of June, 1915, I purchased a 'J. B. L. Cascade.' The result it has produced are simply marvelous. For 30 years I used cathartics, but have used nothing but the Cascade for almost a month. I feel like a new man; I want to be pleasant to everybody. Before I used the Cascade I was a grouch. I did not like anybody and could not be pleasant."

If you bathe internally with the "J. B. L. Cascade" you will find yourself always bright, confident and capable. Poisonous waste in the lower intestines makes us bilious, blue dull and nervous. Internal baths are Nature's own cure for constipation—just antiseptic warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Milady's Boudoir

To Color the Hair.

Do not, under any circumstances, dye the hair. This method of keeping the appearance of youth is a delusion and a snare. If the color of the hair is changed to what it was in youth, the complexion does not match it and the subterfuge is always very apparent.

If your hair is light you will wish to keep it as bright as possible, and if it is dark you want to keep it that way and keep out the streaks. There are certain harmless ingredients that may be added to your shampooing water that will retain to a good old age all the natural beauty that the hair possesses.

Brunettes may use an egg or a little soda beaten into California claret. This wine takes its color from the skin of the black grapes and contains tannin which is good for the scalp and the hair roots. The yolks of eggs or subcarbonate of soda or potash, are also very good for dark hair.

If your hair is light you are fortunate for you can always let the sun shine on it which will aid to keep it light. Household bleaches, like ammonia, borax and soda, will lighten and brighten the hair. They must be used with great care as they have a very drying effect and the hair, if they are used continually, is apt to become dry and lifeless.

A harmless mixture for lightening the hair is one made of equal parts of rhubarb, stalks and honey, steeped in three parts of white wine. Let the mixture stand for 24 hours, strain and use as a lotion when the head is wet. Massage it into the scalp and let it dry in the hair.

In our admiration for a good-hearted fellow we lose sight of the unfortunate fact that a man doesn't do his thinking with his heart.

Our Boys and Girls

Teach children and even little babies to drink water and plenty of it. Any pure water is very healthy and if a chemist should analyze your drinking water he would doubtless find it pure and full of all sorts of health giving minerals. It would inspire you with a wholesome respect for water that many children seem to despise. If children would drink water in place of sodas and ice cream cones it would be much better for them.

Drinking a glass of water half an hour before each meal, will rinse out the little stomachs of the children and better prepares them for the food which is to come. Then, between meals, encourage them to drink water, from one to two glasses at a time.

Nature's demand for either food and water are similar, and to give one's stomach food each time one feels a sensation of hunger is often the cause of severe stomach trouble. In place of food teach the children to take a drink of water and often the feeling of hunger will be gone.

Quartz constitutes the larger part of virtually all mineral veins.

Pepto-Mangan Brings Vigor, Health and Happiness to Anemic Persons

When you're feeling your best—when you're brimming with happiness, "pep" and enthusiasm—people just can't help being drawn to you. You're a favorite wherever you go.

But when you're constantly tired and dull—when everything is too much trouble—when you're bored with yourself—it's natural that you affect your acquaintances likewise.

If you're not feeling up to par, you're NOT. If you're not sick exactly, but are just run down, what you need is a good tonic. The food you eat is not becoming energy making, red blood.

Everyone gets run down occasionally. But it's not necessary and is really dangerous to let this condition hang on. A bottle of Pepto-Mangan, the famous "red blood builder" would supply the iron and other properties your blood now lacks—would bring back your old-time energy and enthusiasm—would put color in your cheeks and spring in your step.

Pepto-Mangan is agreeable and convenient to take, and endorsed by physicians everywhere. Can be had in either liquid or tablet form. There's no difference in their effectiveness.

Ask your druggist for Pepto-Mangan and be sure it's "Gude's"—the genuine. The name "Gude's" should be on the package.—Advertisement.

Teuscher Wins Case.
Judge Bolton and a jury in municipal court Saturday afternoon exonerated A. P. Teuscher of forcible attempts to keep possession of the room in the Zartman building on West Main street which he uses as a barber shop. The case, which was brought by David Zartman against Teuscher, was to invalidate the lease which Teuscher holds on the room. According to Mr. Teuscher the lease he holds has three years yet to run before it expires.

Hand is Injured.
Harriet Keller, the two year old daughter of Mr. and Mrs Walter Keller, living near Central City was painfully injured Saturday when she caught her hand in a corn sheller. The child was playing with her older brother when the accident happened.

Auto Strikes Cyclist.
Carl [illegible] an Advocate carrier, was injured Saturday night, when the bicycle he was riding collided with an automobile at Main and Eleventh streets. He suffered a badly bruised shoulder.

BIG WEEK SCHEDULED FOR BASKETBALL MEN

The Heiseys will play the fast Pure Oil team from Columbus tonight at Hickey Hall. It was the Columbus squad that played rings around the Heath team when they met several weeks ago. As the Pure Oil team has on it several college stars, fans are going to see the cleverest game yet shown in Newark.

At the Y. M. C. A. the Y league schedules a good game between the Newark Business College vs. the Junior Moose with the First Methodist vs. the Maple Avenue Church as an opener.

Tuesday night Burke Golf and the American Bottle teams mix up for their second clash. This game will be followed by the Midland and the Printers.

Games for Thursday are scheduled at the Y. M. C. A. in the Y league and at Hickey Hall in the Industrial league.

BOYS LIKE MINIATURE BOWLING AT Y

One of the chief attractions at the Y M C A this winter is the small bowling alley in the boys division. Tournament games were held on it New Years day and since then some of the boys have been making record scores. The high score on opening day was 114 while 126 set the mark the week following. A box of candy was offered last week for the highest score of the week. The final result of the tallies of the week has not yet been completed. Scores of more than 126 were registered and a close fight for the prize is evident.

GUS WEIGAND HAS NERVOUS HICCOUGHS

The condition of Gus Weigand, who has been seriously ill at this home in West Church street is slightly improved. Dr. Whittaker, a specialist of Columbus was called yesterday in consultation with Dr. J. G. Shirer. Dr. Whittaker stated the patient was suffering from nervous hiccoughs or what are known as inward hiccoughs.

NEW CHURCH WORK IS EXPLAINED HERE

On Saturday afternoon the women of Trinity Episcopal church were addressed at length by Mrs. Corner of St. Paul's church, Columbus.

Mrs. Corner explained the work of "The Church Service League," a new work taken up by Episcopals throughout the country since the war. The various organizations of each church co-ordinate and regular meetings are held by the president of each society with the rector four times a year and reports given of their work.

The organization in Trinity church forming the Church service league here, are: The Womens' Auxiliary, Daughters of Trinity, Trinity Sewing Circle Altar Guild, choir and church school.

Through this union of heads, there will be more harmony among the workers and a greater amount of work taken care of.

The meeting was well attended and was held in the parish house. A union meeting will be arranged for in the near future.

JOHN WALKER NAMED CUSTODIAN OF OLD FORT

At the meeting of the County fair board held Saturday John Walker was selected by the directors as caretaker for the fair grounds.

A number of applications had been made for the work and Mr. Walker, who was selected lives near St. Louisville. He will begin his work April 1 and will have full police power.

To stop joy riders from making the park a rendezvous or from parking their "park parlors" in the grounds, the large gates will be put on and kept locked. The foot gates, however will be left open, but all vandalism will be punished.

The grounds will be open to picnickers as in the past but a small charge will be made to care for cleaning up the grounds following an outing.

CHILDREN'S BALLET TO FEATURE ELK MINSTREL

One of the features of the Elks Minstrel this year will be the ballet chorus, of children which is being trained by Mrs. Frank Little.

Saturday Mrs Little entertained the members of the Elk Minstrel committee, and the art was presented for them as it is to be in the minstrel. Thirteen children under ten years of age take part and each child is given a specialty. The personnel of the ballet includes Kathryn Swern, Lillian Cooper, Vivian Parker, Rita Jane Smith, Marian Mohr, Peggy Bacik, Maxine Cooper, Phoebe Moore, Nellie McFarland, Bobbie Smith, Jimmie Bacik, Mildred Hoover, Julia Maier and the star Maxine Henry.

Clyde Liming, son of Mrs. Gussie Liming of East Main street has graduated from the signal corps service school in Coblenz, Germany.

Liming, enlisted in the signal corps in August 1919 leaving home September 3. He sailed for overseas October 17, 1919. In January 1920 he was made a first class private and on December 16 received his certificate of graduation in five subjects: elementary electricityy and magnetism; power and work; storage and batteries, motors and generators, operation of electrical machinery and industrial application of motors. He must also be able to maintain direct current machinery and have experience in gasoline generating.

Liming was graduated from Newark High school with the class of '19.

NEWARK MAN PRESIDES AT BIG ELK BANQUET

James R. Fitzgibbon will preside at the banquet of the Newark Lodge of Elks, as toast master, Tuesday evening.

The big banquet following the initiation of a class of 65 candidates, which starts at 6 o'clock. Among the local speakers, will be assistant attorney general Ray Martin, F. S. Scott, and Howard Jones. A number of out of town visitors will attend.

BRITISHER THINKS DRY REGIME IS PERMANENT

Liverpool, Jan. 24.—Lord Leverhulme,, one of Great Britain's largest manufacturers, told the Daily Post representative on his return from a recent visit to the United States that "prohibition in America has come to stay—of that you may be certain."

"The people are settling down under it," he continued, "and I believe that if put to the popular vote, 75 per cent of the electorate would support its continuance. **There is not the slightest chance that the law against alcoholic drinks will ever be repealed."**

REDUCED FARE FOR FARMERS

Concessions Made By Passenger Lines For Tickets To Columbus During Farmers' Week at O. S. U.

A round trip rate of one and one-half fare for the round trip, minimum $1, has been authorized by the central passenger association from points in Ohio to Columbus for Farmers' Week at the Ohio State university from January 31 to February 4.

This concession can be secured by writing to H. C. Ramsower, director, Farmers' Week, O. S. U., Columbus, for an identification certificate entitling the person named thereon to tickets for himself or herself and dependent members of his family.

These identification certificates may also be secured from county agricultural agent or secretary of the county farm bureau.

The round trip tickets will be on sale January 30 to February 4, good for return passage until February 7. Persons attending any of the farm organization meetings held as part of the program may take advantage of the offer.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

35c and 65c jars; hospital size $3.00

OAKOAL STOCK
Increases In Value

The stock of the TORONTO OAKOAL CO. is selling at twice its par value.

Think of this, and then think of the opportunity that THE NEWARK OAKOAL CO. is offering you.

Hundreds of people had the chance to buy the stock of the TORONTO OAKOAL CO. on the ground floor, but were kept from buying it because they depended on the judgment of others. They lost a fortune because they did not act as their better judgment told them to do. In their hearts they believed in the investment. They even said it is good. But they lacked the nerve; they lacked the courage to decide for themselves. They wanted to wait and see what others were going to do first, and now they wish they had bought when it was at par.

If you do not invest now, the NEWARK OAKOAL CO. will not lose anything because many others will invest. But how much will you lose? It is a fortune at your command if you only have the courage to possess it.

You owe it to yourself and to your family, to your children and to your future, to use your best judgment in investing your money.

A few hundred dollars invested in OAKOAL will start you on the road to success.

So, do not say to yourself, I will wait. Do not put it off, as it will mean loss to you. But ACT NOW AND ACT QUICKLY.

Chicago Grain Riew.

Chicago, Jan. 24.—Wheat prices developed fresh strength today, influenced by signs of continued export demand. Opening prices, which varied from unchanged figures to half cent higher with March $1.67 1-4 to $1.68 1-4, and May $1.58 to 1.58 1-2, were followed by a material upturn all around and then something of a reaction.

Despite big receipts, corn ascended with wheat. A sharp falling off in arrivals hereafter was predicted After opening unchanged to 5-8c higher, including May at 68 1-4 to 68 3-4c, the market scored general gains and then receded somewhat.

Oats sympathized with the strength of other cereals, starting 1-8c off to a like advance. May 44 1-4 to 44 3-8c and later hardening for all deliveries.

Provisions were firmer in line with hogs and grain.

Pittsburgh Live Stock.

Pittsburgh, Jan. 24.—Cattle: receipts 1800; lower. Steers, $9@9.25; heifers, $8.50@9; cows, $6@8.

Hogs: receipts 7,500; heavies $9.55@10; heavy and light yorkers and pigs, $10.40@10.75.

Sheep and lambs: receipts 2,200; steady. Top sheep, $6.40; top lambs, $11.00.

Calves: receipts 800; higher. Top $16.

Wall Street.

New York, Jan. 24.—On the stock exchange the week opened with a continuance of last Saturday's rally. The reported success of the Belgian loan issued in this market as indicated by the immediate closing of the subscription books was probably a sentimental factor. Early dealings showed gains of large fractions to 1 1-2 points in shippings, coppers and motors as represented by Atlantic Gulf, American Smelting, Anaconda Copper, Studebaker, Goodrich and Bosch Magneto. A seven point rise in Delaware, Lackawanna and Western featured the rails. Bethlehem Steel was under further pressure, however, as were also the Mexican and European oils and some of the minor specialties.

There was a perceptible broadening of the market at higher prices during the morning, despite intermittent offerings of shorts. Equipments were especially prominent. Pressed Steel Springs and Crucible, Lackawanna, Republic and Sloss Sheffield Steels were strong, as well as Baldwin Locomotive, General Electric, Studebaker and allied issues. Oils rallied easily and leather, tobacco, sugar and paper issues joined the farther gains among shippings. Delaware, Lackawanna and Western extended its gain to 10 points, other strong sails, including Reading, Southern Pacific, Northern Pacific and Pittsburgh and West Virginia. Exchange on London was firm but call loans held at last week's prevailing rate of 7 percent.

Chicago Live Stock.

Chicago, Jan. 24.—Cattle deceipts 22,000; opening generally steady on all classes with close lost last week; few strictly good to choice beef steers offered; bulk around $7.50@$8.60; butcher heifers largely $5.75@$6.75; bulk butcher cows $5.00@$6.25; few loads choice heavey kosher cows $7.00@$7.75; canners and cutters mostly $3.25@$4.25; best bologna bulls around $6.00; veal calves largely $11.00@$12.00; stockers and feeder steers mostly $6.25@$8.00.

Hogs receipts 55,000; steady to 10 cents higher, lights up most; top $1.87; bulk $9.15@$9.60; pigs slow.

Sheep receipts 21,000; killing classes about steady; early lambs top $11.00; bulk $10.00@$10.75; no choice fat sheep or yearlings sold early. Top ewes $5.65; bulk $4.50@$5.50.

Chicago Produce.

Chicago, Jan. 24.—Butter firm, creamery extras 45 cents; standards 45 cents.

Eggs lower; receipts 862 cases; firsts 53@54; ordinary firsts 50@51; at mark cases included 51@52.

Poultry alive higher; fowls 30; springs 27.

Chicago Grain Closing.

WOMAN JUDGE ACTS [illegible]LY.

Cleveland, Jan. 24.—In less than fifteen minutes after the case of Charles H. Burgess of Toledo charged with carrying concealed weapons had been called this morning, Common Pleas Judge Florence E. Allen directed the jury to return a verdict of not guilty, declaring the monkey wrench Burgess was carrying in his pocket was not a concealed weapon.

Tips

—On Buying and Selling Real Estate

Tired of town? Why not get to the country with its health and freedom. Or have years of toil on the farm placed you in a position to retire and enjoy some of the things that the good growing years have to hand out in the active city? To Buy or Sell Real Estate there is nothing like our little Want Ads. They go everywhere. And you always get the money-making pick of everything—quietly and without any fuss or publicity. GOOD LUCK

In Times of Emergency is a Poor Thing to Rely Upon. Money in Reserve is Better.

1. Success is by no means a matter of chance.
2. It is merely the result of work.
3. And economical habits.
4. The wise person saves money.
5. And accumulates a reserve for times of stress.
6. We recommend that practice.
7. We invite you to open a savings accoutn or to make a time deposit. Inquiries also invited.

Mr. and Mrs. Burton Case In Hospital Near Chicago Recovering From Injuries—Car Skids On Snowy Road.

(Special to the Advocate)

Granville, Jan. 24.—Mr. and Mrs. Burton Case, who left Des Moines, Iowa, January 13 for the return trip to Granville in their Hudson sedan, have been for a week in the West Suburban Hospital at Oak Park, Ills., recovering from the effect of an automobile accident 15 miles west of Chicago. The rear wheel skidded on the snowy pavement, the slack of the chain having caught on a protruding bolt. The approach of three cars gave no room to straighten out the narrow fill, and Mr. Case in avoiding a head on collision went over a five-foot bank. The impact shattered the top to kindling and splintered the heavy plate glass into inch pieces. Mr. Case, who was at the wheel, was thrown to the right and was able to crawl through the top with badly wrenched shoulders. Mrs. Case, who was sitting in the right hand front seat, received the force of the impact on her right side and back. When rescued her head was found under the steering wheel and she had been badly burned about the face and eyes with battery fluid. Help was promptly rendered and the escape of the two people from such a wreck with their lives, was pronounced miraculous by those who viewed the scene. Mr. Case has sustained a fractured clavicle, but otherwise is all right. Mrs. Case suffered from severe shock and a slight internal hemorrhage, and also from a badly burned eye. But the troubles are yielding to careful treatment and aside from the loss of the car, which has carried them many thousands of miles without mishap, over all kinds of roads, they consider themselves lucky. When able to travel, they will make the journey from Oak Park by train to their home in Granville.

Minnie Sinnett Stark died Sunday morning at her home on the Worthington road, following an illness of many months from a complication of diseases. She was born February 19, 1862 and was the only child of Harriet Twining Sinnett and Eugene Sinnett. She was married to Joshua Stark October 28, 1908, who with her aged mother still survive her. Funeral services will be held Tuesday afternoon at 1 o'clock at the home. Burial will be made in Maple Grove cemetery.

Mr. and Mrs. E. Hammond and family spent the week end in Johnstown with Mr. and Mrs. Tippet.

The Phi Gamma Delta fraternity entertained informally at a breakfast Saturday morning at their chapter house. The morning was spent with music and cards and one of their talented members, Jerry Kahler, entertained them with some new and clever card tricks.

Mr. and Mrs. Stanton expect to leave Granville the first of March for Pittsburgh where they will make their future home. Mr. Stanton will be assistant pastor of the Sandusky Street Baptist church. Mrs. Stanton's father, Rev. Mr. Bonsall, has been pastor of this church for many years and with the help of his assistant will continue in this position.

Dr. and Mrs. Tanner entertained Saturday evening at a six o'clock buffet supper the following guests: Dr. and Mrs. Hundley, Prof. and Mrs. Coons, Dr. and Mrs. Lewis, Prof. and Mrs. Odebrecht, Dr. and Mrs. McCutcheon, Prof. and Mrs. Stickney, Prof. and Mrs. Eschman, Miss McNeily, and Miss Elizabeth Tanner. Miss Jane Phypers and Miss Vera Ashley assisted the hostess in serving.

At the business meeting of the American Society of College Presidents, held recently in New York City, Dr. C. W. Chamberlain was elected president of the society.

Mr. and Mrs. Ed. Wright, who left here for the south in their Ford sedan, arrived at Live Oaks, Florida, January 19, being two weeks on the way. The only bad roads they encountered were in Alabama and they were worse than Ohio roads could ever be. Mr. and Mrs. Wright expect to go on down to the east coast.

There will be a Christian Citizenship institute held in Granville Thursday and Friday of this week. Thursday evening the meeting will be held in the Baptist church at 7 o'clock; Friday afternoon at 2:30 in the Presbyterian church and Friday evening in the Methodist church at 7 o'clock.

The large house at Pearl and Prospect streets, belonging to Frank Rees of the Welsh Hills, and now occupied by H. G. Scheidt and family, is to be remodeled to accommodate two families. Work will commence in the spring as soon as weather conditions permit.

The Welsh Hills Baptist church, one of the oldest churches in the county, is temporarily closed owing to the resignation of their pastor, Rev. Lusk.

Beta Theta Pi fraternity entertained at a dinner party Saturday evening.

THORNVILLE LEGION TEAM IS DEFEATED

The American Bottle company basket ball team defeated the Thornville American Legion team Saturday night at Hickey Hall by a score of 29 to 21. The bottle company team early took the lead and at the end of the first half was leading by a very safe margin. In the second half however the Thornville bunch got together and holding the A. B. C. practically scoreless ran the score up to within four baskets of winning. Another five minutes of play would probably have put the score on the other side. Huffman starred for the A. B. C. getting five baskets, while Clum, the Thornville center did fine work for his team. Lineup and summary:

Thornville	A. B. C.
Lynn, rf.	Redman, rf.
Fuller, lf.	Emmons, lf.
Clum, c.	Huffman, c.
Kindle, rg.	Redman, rg.
Anspach, lg.	Broome, lg.

Goals from field: Lynn 1, Fuller 3, Clum 5, Redman 4, Emmons 3, Huffman5, and W. Redman 2. Fouls: Anspach 3, Huffman 1. Referee: Charles Allen.

In the preliminary game the Burke Golf team defeated the A. B. C. second team 18 to 12. Dean of the Burke Golf and Schlotter of the A. B. C. starred for their respective teams.

MEYER-LINDORF COMPANY

DETROIT STREET CAR WAR IS AN OLD ONE

Detroit, Mich., Jan. 24.—When city officials, guarded by 200 uniformed policemen, effected a forced crossing on January 9 of the Detroit United Railway lines with tracks of the municipal traction system, they brought into the open a street car controversy that has waged for years. The proposal to construct a municipally owned system has been enmeshed in lawsuits instituted by the company almost as soon as approval of a $15,000,000 bond issue was voted for the city system last April.

Detroit's street car controversy began years ago when the issue involved the rate of fare. It continued as the outstanding issue in practically every municipal election until with the authorization of the voters for a municipal system, it became a fight for control of the city's streets.

The charter amendment approved last April contemplates construction of 100 miles of city owned car lines, and to date about 20 miles of track have been completed. Despite the half dozen law suits initiated by the Detroit United, Mayor James Couzens, who sponsored the municipal ownership plan, asserts the remainder of the program will be carried out in 1921.

"All the world's a stage," quoted the Wise Guy. "Minus the free list and plus the war tax," amended the Simple Mug.

EVERY HOME SHOULD HAVE A MUSICAL INSTRUMENT OF SOME SORT.

P. P. CLAXTON, U. S. Commissioner of Education, says:

"Outside of reading, writing, arithmetic and geometry, music has more educational value than any other subject taught in the schools."
